Re: Subpeonas for the production of records

Dear Clerk,

I sent 7 17(c) subpoena last week and must deduce from the receipt of a response to one from the MATION COUNTY SHERIFF that they have been executed. Therefore I am sending 12 new subpoena for execution. However I must mention the fact that the received discovery was delivered by the FBI on 8-17-18 by hand. I cannot fathom a reason at law, rule, or equity whereby the prosecution and his investigators would be given access to the defenses discovery before or at all prior to disclosure by the defense. This is highly suspect of foul play and should be avoided in the future. If this was by your hand I do not think this is a fair method. If it is not I am wondering how the FBI inserted itself into the process. It should be also know that the defense is collecting evidence of obstruction and collusion between the FBI and the so called victims of this action. The chances of discovery being copied or tampered with are very high. Thanks for your attention in this matter. Let me know if there is anything I can do to assist you or expidite you in the performance of your function.

Sincerely,

By: 

Executor-Kurt-F.-Johnson for  
the defendant KURT F. JOHNSON.
